## Step 2. Please provide reasons to support your request

Please provide your reasoning on why relaxation of the applicable Building Regulations should be applied to your situation:

## Step 3. Impacted adjoining property owners must be consulted as part of a Report and Consent Application for this regulation.

Make sure you complete the 'Details and location of proposed building works' table at the top of the form. You will need to supply the adjoining owner/s with the partially completed comment form and copies of the plans of your proposed building works.

You can contact Ararat Rural City Council Rates Department to obtain owner details for Report and Consent purposes.

We recommend you send the comment form and plans via registered post. You can then provide Council with a copy of what was sent to the adjoining owner and the registered post tracking details as part of your application. This will serve as proof of attempt to consult.

Note: The documents must be signed by the legal property owner, tenants are not legal property owners.
