EXECUTIVE SUMMARY

The Council Plan 2025-29 was adopted at the May 2025 Council Meeting and outlined the key strategic directions and objectives for the next four financial years. Each financial year Council produces an Annual Plan which provides a series of actions aimed at operationalising Council's strategic intent. The Annual Plan 2025/2026 is the first Annual Plan produced in the current planning cycle and the first for this term of Council.

DISCUSSION

Section 90 of the Local Government Act 2020 requires that Council adopts a Council Plan that outlines its strategic direction, objectives, and measures of performance for at least the following four years. Council has adopted its Council Plan 2025-2029 following the 2024 Council elections. In addition to adopting the Council Plan 2025-2029, each year Council produces an Annual Plan for the financial year which outlines the actions to be taken each year to implement Council's strategy. It is essentially the plan to operationalise Council's strategic direction.

The Annual Plan 2025/2026 represents the first Annual Plan put in place to achieve the strategic intent of the Council Plan 2025-2029. The Annual Plan 2025/2026 has specific actions associated with achieving each objective which sits under each of the six strategic directions of the Council Plan 2025-2029. These are provided below:

1. Growing our place
2. Building robust local economies
3. Preserving the environment
4. Developing and maintaining key enabling infrastructure
5. Enhancing community life; and
6. Strong and effective governance

EXECUTIVE SUMMARY

The purpose of this report is to present to Council the draft Municipal Public Health and Wellbeing Plan 2025-29 for consideration before it is released for community consultation.

DISCUSSION

The Municipal Public Health and Wellbeing Plan is one of Council's key strategic planning documents and describes the positive changes Council wants to bring to health and wellbeing within the community, and what Council will do to make these changes come to life.

Section 26 of the Public Health and Wellbeing Act 2008 requires Council to prepare a Municipal Public Health and Wellbeing Plan every four years, within 12 months of a Council general election. It also specifies what must be included in a municipal public health and wellbeing plan. These are:

- an examination of data about health status and health determinants in the municipal district;
- identify goals and strategies based on available evidence for creating a local community in which people can achieve maximum health and wellbeing;
- specify measures to prevent family violence and respond to the needs of victims of family violence in the local community;
- provide for the involvement of people in the local community in the development, implementation and evaluation of the public health and wellbeing plan;
- specify how the council will work in partnership with the Department and other agencies undertaking public health initiatives, projects and programs to accomplish the goals and strategies identified in the public health and wellbeing plan.
- be consistent with the Council Plan prepared under section 90 of the Local Government Act 2020.

The draft Municipal Public Health and Wellbeing Plan 2025-2029 includes four strategic health and wellbeing objectives for the next four years, as well as the strategic actions and measures of success to ensure monitoring occurs for these objectives. The objectives are:

1. Social Connections & Inclusion

Ararat Rural City

ARARAT RURAL CITY MUNICIPAL PUBLIC HEALTH & WELLBEING PLAN 2025-2029

The Ararat Rural City Council Municipal Public Health and Wellbeing Plan 2021-2025 (MPHWP) is one of Council's key strategic planning documents. It focuses on the goals and strategies that Council can implement as part of its operations and the available evidence to improve the health and wellbeing outcomes for our community.

HOW ARE WE?

There is a myriad of data available on health status and determinants. For this Plan, we have chosen to focus on two measures from the Victorian Population Health Survey as the indicators of our overall health and wellbeing.

These are our:

- Self-reported health status, and
- Life-satisfaction.

These indicators are representative of our we feel about our diets, physical activity, mental health, and a wide range of other social, economic and environmental factors that influence our health and wellbeing. Our results in these two indicators are mostly worse than Victoria.

The tables below shows the proportion (%) of people and their self-reported health status and life-satisfaction from the Victorian Population Health Survey 2023¹

Self-Reported Health Status	Ararat Rural City	Victoria
Fair/Poor	28.4%*	20.9%
Good	34%	38.3%
Excellent/Very Good	37.1%	39.8%

*Significantly higher than Victoria

Life-Satisfaction	Ararat Rural City	Victoria
Low or medium (0-6)	24.7%	21.9%
High (7-8)	47.9%	50.7%
Very High (9-10)	26.6%	26%

OTHER FACTORS THAT INFLUENCE OUR HEALTH AND WELLBEING

Natural Disasters and Extreme Weather Events

Ararat Rural City has experienced 13 declared natural disasters in the last 15 years, consisting of storms, floods and bushfires². The frequency and severity of natural disasters and extreme weather events such as heat waves is increasing. These events can impact on our safety, physical health and emotional wellbeing, cause financial hardship, and severely disrupt communities³.

Through our lived experiences and with consideration for the National Principles for Disaster Recovery⁴, we have found that strong social connectedness and having community spaces to engage with others has helped with disaster resilience and recovery.

Family Violence

Family violence is defined as violent, abusive, threatening or coercive behaviour. Each incident can have lifelong consequences for victims and children who hear, witness or are otherwise exposed to family violence. Using violence in any situation is a choice made by those who use it. Why do people who use violence choose this option instead of others? What could be done to encourage better choices?

Ararat Rural City has consistently had higher rates of family violence incidents than the rest of Victoria. The table below shows the rate of family incidents per 100,000 population for the last five years.

	2021	2022	2023	2024	2025
Ararat LGA	2,858	2,245	2,320	3,115	2,625
Victoria	1,420	1,369	1,366	1,375	1,497

EXECUTIVE SUMMARY

This report is prepared in response to the Victorian Government's Primary Producer Support Payments initiative, announced as part of the 2025-26 Drought Support Package.

As part of this broader drought assistance program, the Government has committed to funding the equivalent of a 40% rate reduction for primary producers in specific drought-affected areas. This initiative is intended to ease the financial burden of municipal rates on farmers who have been impacted by extended dry conditions.

Council received correspondence from the Victorian Government advising that a lump sum will be provided to Council for distribution to primary producers within our municipality. It is at Council's discretion to determine how it is allocated to affected farmers.

DISCUSSION

The Victorian Government, through Local Government Victoria (LGV), has advised that councils will receive a lump sum payment to distribute to primary producers within their municipality as part of the 2025-26 Drought Support Package. LGV have informed councils that the reduction applies to general farm rate and municipal charge, and it does not apply to other service rates and charges, such as waste management or state government levies.

To minimise administrative burden, LGV has intentionally left the method of distribution to each council's discretion, taking the view that councils are best able to understand and respond to the needs of their ratepayers. Councils have the option to apply a 40% rate reduction across the board, or take an alternative approach which would be subject to external approval. Council must now determine how best to allocate the funding.

It is recommended that Council allocate a 40% rate reduction on all properties that are rated as at the farm rate. The allocation would be applied as a reduction to the 2025-26 Farm Rate and Municipal Charge on each eligible assessment.

This approach:

- Aligns with the intent of the program - cash relief to farmers who are impacted by drought;
- Is simple, fair, and transparent;
- Reduces administrative complexity and implementation time;
- Ensures all primary producers benefit proportionately from the support available.

While the administration of this project is significant in scale, the State Government has confirmed that administrative funding will be provided to assist councils with implementation.

Once Council determines its preferred distribution method, LGV will be advised of our intended approach. A funding agreement will then be prepared, with the aim of finalising it in time for the lump

sum payment to be made to Council by late August 2025. The program is expected to operate through to 30 June 2026, with final reporting and financial acquittal required in July 2026. To meet operational timelines, Council will need to allocate the funding and make the necessary rating adjustments before issuing 2025-26 annual rate notices, which are scheduled to be issued in August 2025.

KEY CONSIDERATIONS

Alignment to Council Plan Strategic Objectives

6 Strong and Effective Governance

We will work hard to build models of governance that place delivering public value at their centre through effective financial management, well measured risk management, and implementation of effective community engagement practices.

Budget Implications

Council will receive a lump sum payment, which will be fully distributed to primary producers. Administrative effort will be required to apply the reductions to eligible assessments. Council will receive administrative funding to assist with this. There will be no net cost to Council.

Policy/Relevant Law

The Primary Producer Support Payments was announced on 4 July 2025 and is part of the Victorian Government's drought support package for Victorian farmers.

Sustainability Implications

This initiative directly supports the economic sustainability of primary producers within the municipality.

Risk Assessment

Low.

Stakeholder Collaboration and Community Engagement

Council engages closely with our farming communities and recognises that the impacts of this drought has been severe for all primary producers. Local Government Victoria have also engaged with the 12 councils that will receive the Primary Producer Support Payments.

OFFICER DIRECT OR INDIRECT CONFLICT OF INTEREST:

Officers providing advice to Council must disclose any conflict of interest.

No person involved in the preparation of this report has a conflict of interest requiring disclosure.

EXECUTIVE SUMMARY

This report seeks Council's support to provide annual Sponsorship towards the Cottage by The Sea - Take a Break Program with an investment of \$10,000 per annum. Cottage by the Sea is a not-for-profit Australian children's charity, helping children lead happy, healthy lives. Its mission is to enhance the lives of more children by providing inspiration, fun and opportunity within a holiday environment.

DISCUSSION

This Program is offered to Year 5 students from a designated school within the local community to attend Cottage by the Sea camp in Queenscliff. The program encourages children to be active, healthy, confident and respectful. The Take a Break program gives children opportunities to experience a wide range of fun and inspirational activities that challenge them, encourage team building and experiential learning. From 2026, the Program will be offered to every Year 5 student in Ararat Rural City.

Following the success of Ararat North, Pomonal, Maroona and Buangor Primary School's participating in the 'Take a Break' Program, they would now like to offer the camp annually to all year 5 students within Ararat Rural City. Ararat Primary School has enrolled 60 Year 5/6 students to attend the Camp in October 2025. In order to secure the future of this program and to allow all schools to be able to participate, Sponsorship has been requested from Ararat Rural City Council.

QUEENSLIFF

To Dr Tim,

I am following up potential sponsorship from Council for the Ararat Take a Break Program, there has been great interest from within the local community, and it would be great to have Council on Board as a sponsor.

Principal of Ararat Primary 800 Natalie Dowsett is very excited about the upcoming October camp, she has also taken on the responsibility of organising next year's program, one that will for the first time be offered to every year 5 student within the Ararat Rural Council. This is particularly exciting for Bob and myself as our primary mission now is to focus on fundraising.

The October camp costs \$27 790; progress and donors can be viewed on the CBTS website with any extra money raised going directly to next year's camp.

I look forward to working with Council as we deliver this program.

Kind regards

QUEENSCLIFF

To Whom It May Concern,

Cottage by the Sea is a not-for-profit Australian children's charity, helping children lead happy, healthy lives. Its mission is to *enhance the lives of more children by providing inspiration, fun and opportunity within a holiday environment*. The Cottage achieves its mission through diverse programs, which take the form of short-stay camps that are offered in a wide range of environments. During their camp experience, children are provided with opportunities to build positive relationships with peers and adult role models, which helps them learn and grow when they return to their school and community.

Following the success of Ararat North, Pomonal, Maroona and Buangor participating in the 'Take a Break' program we'd like to see the camp offered annually to all year 5 students within the Ararat Rural City Council. The program generates confident, happy and better-informed participants within our community, but also fosters healthy relationships, increased hope for the future and a sense of belonging.

The next school to attend is Ararat Primary with 60 Year 5/6 students enrolled in October. From 2026, all Year 5 students within the shire will have the opportunity to attend, due to the generosity of local businesses.

We would like to secure the future sustainability of this initiative, so if you are willing to donate, please follow the instructions attached. This ensures that all money generated goes straight to the Ararat Take a Break Fund and is not used to support schools outside our shire. To be transparent, the camp costs \$150/day per students, so any donation, big or small would be appreciated.

If you would like to become a sponsor, donate, organise fundraising or have an inquiry, please contact either Richard de Fegely, Bob Sanders or Melissa Hope.

4.1 2024/2025 CAPITAL WORKS PROGRAM - JUNE 2025

EXECUTIVE SUMMARY

The 2024/2025 Capital Works Program was a pivotal component of the previous financial year's budget. With a substantial capital works investment totalling \$15.513 million, the previous budget primarily targeted infrastructure enhancements.

Key initiatives included:

- Mount William Road Upgrade - supported by Federal Government funding.
- Buangor Ben Nevis Road Stage One Construction - beginning from the Western Highway section for approximately 1.5 kilometres
- Urban Gravel to Seal Road Upgrades continuing to upgrade accessibility across urban areas.
- Maintenance of Footpaths, Drainage, and Kerb and Channel

These projects underscore the Council's commitment to improving local infrastructure and fostering community development in the 2024/2025 fiscal year.

DISCUSSION

Council's 2024/2025 Capital Works Program marked a significant shift from previous years, reintroducing larger road and bridge construction projects post-pandemic. The program's budget increased by \$6 million, with substantial state and federal funding, alongside smaller targeted works.

The focus for 2024/2025 was on renewing and updating Council assets, leveraging in-house capabilities, and supporting local employment and contractors.

Key areas included:

- Enhanced roads reseal program.
- Urban drainage improvements
- Footpath network upgrades
- Major urban road gravel to seal program
- Stage two of Mt William Road Reconstruction
- Roads to Recovery funded projects (Webb Street & McCrows Road Bridge)

Budget Status:

As of 30 June 2025, 70% of the budget was expended.

Buangor Ben Nevis Road and Mt William Road have both received their cultural heritage management plan. The additional resealing works and OTTA seals have been completed. The works on Churchill Avenue funded through the Local Roads and Community Infrastructure Funding is complete and requires final grant reporting to be undertaken.

The Yarram Gap Road bushfires had affected our capital works program in early 2025. This disruption to the program has now been resolved.
